PRICE LIST

There are a variety of collections available that contain various size photographs and gift items. When ordering a collection, you will experience the greatest savings. Collections are the most economical way to order. They are also perfect when you love all of your images and want to order a variety of products.

If you only need a minimal amount of portraits, we have an Ala Carte Price chart where you can select only what you need. The Ala Carte Price chart is higher in price than the collections.

Prices in the Pricing and Selection Guide are Subject to Change Without Notice.

RETOUCHING

Gift prints, wall portraits and products all include classic retouching. Blemishes will be removed and lines under the eyes are softened. If you need braces removed, there is a \$10.00 charge per pose selected. Major changes such as tan lines, clothing corrections, slight thinning of the body or other artwork that is requested will be quoted on an individual basis.

YEARBOOK PHOTOS

Schools have different policies regarding yearbook portraits. If your school allows us to supply a yearbook (Most do) we will gladly order whatever is required. This includes either a glossy or an image file on CD.

SCANNING ANY copy of a Doug Martin Photography product/image is against the law and will not be tolerated. This includes but is not limited to: scanning wallets or proofs on your home computer, putting images created by Doug Martin Photography on personal websites, putting images on photo products and scanning images to e-mail. If you need assistance in this matter, please ask. Many times Doug Martin Photography will provide a copyright release for certain situations. **PLEASE RESPECT THE HARD WORK AND DEDICATION THAT IS INVOLVED IN PRODUCING YOUR PORTRAITS. PLEASE DO NOT SCAN!**

Why should I purchase a wall portrait?

After all the smaller gift portraits have been distributed to family and friends, what is left for mom and dad? The answer to that is a beautiful wall portrait. An 8x10 will be lost on a tabletop or stand, but an appropriate size wall portrait will be enjoyed from any area in the room in which it's displayed.

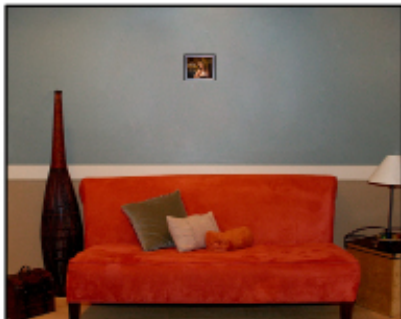

The small wall portrait is perfect for close-ups.

The medium wall portrait is ideal for waist-up and 3/4 poses.

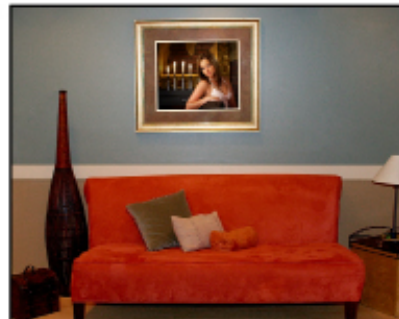

The large wall portrait looks best with full length images.

"There is no other art more appropriate to hang on the wall of your home than a portrait of the product of that home.... your child."

Ken Whitmire, world acclaimed portrait artist
